## e-Learning solutions for Africa

### About Us

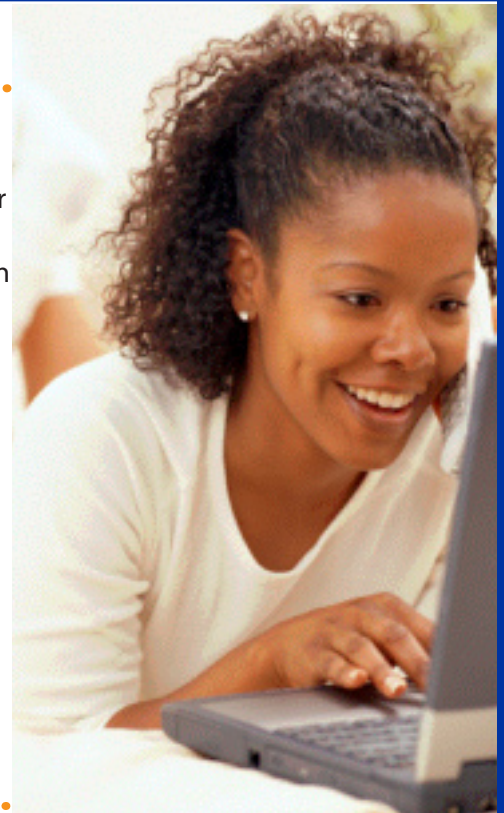

The **ituta** e-learning solution is offered by African Online Scientific Information Systems AOSIS (Pty) Ltd, **the first and only African Moodle Partner**, a company specialising in the customisation and hosting of the highly acclaimed Moodle online Learning Management System (LMS). Moodle is being used in about 40,000 organisations supporting almost 20 million enrollments in 198 countries.

### What we Offer

The **ituta** e-learning solution empowers our clients to deliver distance learning through the application of the most modern online technology. We offer Moodle e-Learning Platforms tailored to meet your needs. Our services include:

- » *Setup and Installation*
- » *Branding & Customisation*
- » *Hosting and Guarantee*
- » *Support and Development*
- » *Moodle Training*
- » *e-Learning Consultancy*
- » *e-Learning Course Admin*

## Advantages of:

### e-Learning

- » Learner access to a customised online education system, 24 hours a day, 7 days a week.
- » Reduced costs: Education offered at a fraction of the cost of traditional modes of learning.
- » Improves on-the-job employee competency and efficiency (empowerment).
- » Larger numbers of employees can receive training in shorter periods of time.
- » Reduced administrative hassles as the courses are automated and computerised.
- » Provides consistent course content that assists organisations with compliance issues.

### Using Our Services

- » *Competitive prices*: Moodle is Open Source Software
- » *Simple and fast* installation and set-up.
- » *Customisation*: course design and development according to your unique specifications.
- » *Systems guarantee*: ongoing maintenance to ensure a trouble-free system.
- » *Flexibility*: continuing low cost upgrading as the system develops.
- » *Expertise*: specialised staff to assist in technical development and support.
- » *Moodle training* to empower our clients.

## Systems Features:

- » Assignments (3 options)
- » Lessons
- » Quizzes
- » Glossary
- » Blogs
- » Instant Messaging (Chat)
- » Choice (students poll)
- » Upload any file format
- » Forums
- » Questionnaire/Surveys
- » Wiki(collaborative project-based learning activity)
- » Workshop (create peer review activities)
- » SCORM compliant
